SUMMARY

Motivated Java Developer (Fresher) with hands-on knowledge of Core Java, Spring Boot, MySQL, HTML, CSS, and JavaScript. Strong foundation in OOPs concepts, backend development, and database integration. Eager to contribute to building efficient and scalable web applications.

TECHNICAL SKILLS

Languages: Java (JDK 21), SQL

Backend Technologies: Spring Boot, Servlets, JSP, JDBC, RESTful APIs

Core Java Concepts: OOP, Collections Framework, Exception Handling, Multithreading (Thread Lifecycle, Runnable, Synchronization)

Database: MySQL (Joins, Normalization, Indexing)

Tools & Platforms: Git, GitHub, IntelliJ IDEA, NetBeans, VS Code, Apache Tomcat, Postman

PROJECTS

Airline Ticket Booking System

Java | Servlets | JDBC | MySQL | HTML | CSS | Bootstrap

- Designed and developed a full-stack airline reservation system with authentication, flight search, and booking management.
- Architected a relational database schema ensuring referential integrity between users, flights, and bookings.
- Implemented optimized CRUD operations using JDBC with structured exception handling.
- Used Java Collections for session-level data management.
- Applied modular design principles to improve maintainability and code structure.
- Deployed on Apache Tomcat and validated end-to-end workflows.

Employee Management System (Admin Module)

Java | JDBC | MySQL

- Developed an admin-controlled employee record management platform.
- Implemented authentication and CRUD operations with secure database connectivity.
- Designed a normalized database schema for structured data storage.
- Applied OOP principles to maintain clean and scalable architecture.

EDUCATION

Dhirajlal Gandhi College of Technology

Bachelor of Engineering (B.E.) – Electronics and Communication Engineering

Anna University | 2021 – 2025

Higher Secondary Certificate (HSC) – Computer Science

State Board | 2020 – 2021

CERTIFICATIONS

- Java Full Stack Development – SLA Institute (2025–2026)
- Database Management using MySQL (2024)
- Java Programming Certification (2024)
- Python Programming Certification (2023)
- C++ Programming Fundamentals
